SoloPlus 5-in-1 Moulding

Five mouldings - in ONE profile.

- 1. T-Moulding:** used to adjoin two floors of identical height.
- 2. Reducer:** used to transition two different floor heights.
- 3. Square Nose:** used to transition to carpet.
- 4. Square Nose:** edge moulding used to conceal the expansion gap around the perimeter of the room.
- 5. Flush Stair Nosing:** stair-edge seamless trim moulding for installation of TORLYS Cork on staircases. Clicks flush into your TORLYS Cork floor, thus eliminating the overlap of traditional stair nosing. SoloPlus can also be used for non-flush installations on landings.

TORLYS smartSTEP

Florence collections offer a unique smartSTEP moulding solution so you can add the perfect finishing touch to your installation. The smartSTEP is made from an actual full plank of matching TORLYS flooring for a perfect colour, texture and dimension match. The Cork smartSTEP also uses the same Uniclic® joint as the matching floor for an easy, seamless installation.
