## Warranty

SuperSolid Hardwood has a 25-Year Wear Warranty and a Lifetime Structural Warranty for residential use. A 5-Year Wear Warranty and Lifetime Structural Warranty applies to light commercial applications. A Radiant Heat Warranty applies to all SuperSolid Hardwood.

## Best-in-Class Benefits.

### Gap Resistant

Deca Technology helps prevent ugly gaps from appearing in the cold and dry winter months.

### Cup Resistant

Deca Technology provides superior cup resistance – no more unsightly planks.

### Crack Resistant

Dry sawn wear layer resists the cracking or splitting common to solid hardwood.

### Forest Friendly

Creates up to 5 times more flooring from a single log than traditional 3/4" hardwood floors.

### Radiant Heat Safe

Unlike all other solid floors, SuperSolid floors are guaranteed over radiant heat.

### Float, Nail, Glue

Precise milling and engineered construction makes SuperSolid versatile for any installation.

### Re-sandable Wear Layer

The 3mm wear layer can be re-sanded up to 3 times for a lifetime of performance.

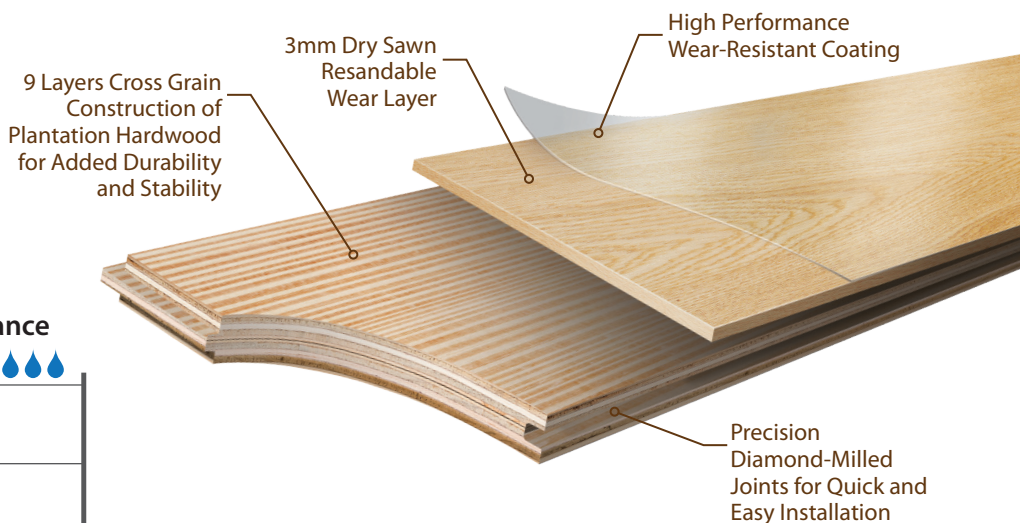

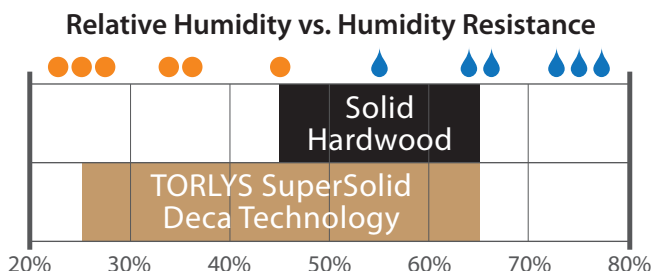

### Use on Any Level

Guaranteed to perform on any level in your home. Including basements.

Deca Technology utilizes the latest advancements in flooring to deliver the optimal balance of performance and value.

## Best-in-Class Coating

The very latest nano-particle finish technology from KLUMPP. Since 1919, this industry-leader has provided the ultimate in wear-resistant, superior gloss retaining finishes.
